ROY, UTAH

Dear Iris Friends:

Sketched on the tablets of memory, the iris of yester-season brighten wintry days, as one by one, they are projected onto the pages of our 1963 catalog. Allegiance, Amethyst Flame; Black Swan, Blue Silhouette; Celestial Snow, Court Ballet; Debonair Blue, Doctor K; down through the alphabet each, with some part of perfection, blooms again in the mind's eye. Sundry disappointments of other seasons are rationalized by faulty weather conditions, lack of time for adaptation or various psychological factors. The forecast for the coming season makes no allowance for imperfection!

Caught up in this mood of clairvoyance, we invite you to share with us the bloom of hundreds of recent introductions, dozens of guested plants from professionals whose names alone pledge sure beauty, guests from neophyte hybridizers which may be a break-through to fame, and a thousand or so seedlings representing cumulative years of line breeding and the increasingly popular unorthodox cross.

Peak bloom, in a "normal" year, may be expected during the latter half of May. A I S Region 12's Spring meeting is scheduled for May 25th, so that Denver-bound irisarians may include Utah gardens in their itineraries. Details may be obtained from Regional Secretary Mrs. C. M. Reynolds, 6863 Crestview Circle, Bountiful.

Special thanks to our friends and customers for their encouraging orders and for the notes of appreciation and satisfaction. We wish to each and every one: a wonderful iris season.

Most sincerely,

Melba and Jim

1963 INTRODUCTIONS FROM MISSION BELL GARDENS

CLAUDIA RENE (Larry Gaulter) Early to Late. 36''. A fantasy of color unmatched for brilliance and harmony. Raspberry-pink standards with overtones of golden amber; rose-violet falls, with rich sienna-brown shoulders and blending to ochre-yellow at the edges, decorated with a bold burnt-orange beard. Wide ruffled petals, flaring arched falls and cupped standards contribute to beautiful form. Stalks are strong and well branched. (Glittering Amber X Mademoiselle). No. 60-37 Net 20.00

CORABANDE (Hamblen) Early to late. 36''. Coral-buff standards with matching style arms; smooth white falls with a heavy border of deeper coral-buff set off by a fiery orange beard. Heavily substantanced, wide petals: standards cupped, falls horizontally flared. All flower parts ruffled and laced in a pleasing manner. Strong stalks, vigorous growth. (Glittering Amber) X (Tompkins 55-162: (((Chantilly x Lavender and Gold Lace) x Reciprocal cross) x Honeyflow)). HC '60 No. H8-67 Net 20.00

BORDER BEARDED

LITTLE SAMBO (C. M. Reynolds) Early to late. 22''. Inky black with deep violet undertones and a dark brown beard. Ideal form and branching. Closed standards, heavy horizontal falls, perfectly smooth hafts. A captivating little rogue to add accent to the Border Class. (Black Forest X Storm King). HC '61. No. 52-25. Net 10.00

ROBBY (Hamblen) Midseason to late. 24''. Rosy cyclamen-violet standards bordered brown; rosy-tan falls edged violet. Highlighting the flower, and demanding attention, is a wide, bushy vermilion-red beard. Petals are wide, lacy and flaring. In coolish weather the flowers have a tendency to be crowded, but at the Kansas City convention, 1962, form and branching left nothing to be desired. (Valimar sib X Graduation Gift). HC '62 No. H 7-105-1 Net 10.00

1963 INTRODUCTIONS FROM TELL'S GARDEN

BLACK ROSE (W. Vallette) Blackish-crimson self; bluish beard. Closed standards, flaring falls. (Starless Night) X (Sable x Casa Morena). 25.00

BLUE STAGHORN (Tell) Medium lavender-blue; pale lemon-yellow beard. Lower portion of the wide, closed standards have projections (horns) which are tipped white. (Praiseworthy X 52-24: Faught H 20 x Alicia). No. 59-34 20.00

CASCADE RIPPLES (W. Vallette) Light lavender-blue with laced petals. Standards closed; falls semi-flaring. Excellent substance. Non fading. (Twenty Grand X Ruffled Lace). HC '61 25.00

FONA (Tell) Baby-pink self, including the beard. Clean flower of good width and quality on a nicely branched stalk. Vigorous foliage; excellent increase. (Happy Birthday X June Meredith). No. 142-A 20.00

LATEST LOVE (L. Gaulter) Daintily marked white-ground plicata meeting all the requirements of a first class iris. Standards lightly stitched purple; broad white falls, hafts lightly marked; styles slightly tinted. (Sass 49-100 x Weather Bird) X (Memphis Lass x Lake Isabella). HC '61. No. 59-21 15.00

LUZON CROSBY (Tell) Soft, clean peach-pink self with very wide, heavily sub-stanced parts; beard deeper toned. Cupped standards and arched falls create unmistakable beauty and charm. (First Curtain x Mary Randall) X (Convention Queen x Pink Fulfillment). HC '61 No. 26 25.00

MARIE PHILLIPS (Tell) Light wisteria-violet self including the beard. Standards closed, falls flare to perfection and are wide and clean. We have seen nothing in the same color range comparable to this pristine beauty. (Graceline X Merry Lynn). HC '62. No. 137 25.00

PINK DRESDEN (W. Madsen) Translucent pale coral-pink that belies its delicate appearance by great ability to withstand weather vagaries. Wide flaring falls. Intricate lace on all petals. (Involved pedigree). No. 3-55 25.00

RUM JUNGLE (L. Roach) Richness, brilliance and over-all quality in a dark blend. Deep reddish copper with darker overlay on wide, flaring falls. Fully sun-resistant. Vigorous, healthy. (Inca Chief X Trim). No. 57-47 A. 25.00

SAFFRON JEWEL (A. and T. Abell) (Oyster-white standards, veined and edged chartreuse; falls of same coloring; flax-blue blaze and beard. Rapid grower. (Saffron Charm X Arabi Pasha). No. 56-6-1 10.00

TAM LIN (E. Tams) Wide, clean wisteria-orchid (violet) self, white beard tipped yellow. Marked with quality. (First Violet X Violet Harmony). HC '61 No. 8-59. 25.00

***TRISHA** (F. McGee) Rich dark blue-purple differing from other Capitole derivatives. Darker toned beard. Wide standards, flaring falls with typical Mohr form; weather defying. (Jane Phillips X Capitola). 20.00

TRITON (O. Julander) Rich medium blue self with beautiful wide, closed standards and flaring falls delicately ruffled and having great width. Pale lemon-yellow beard, white-tipped. Excellent branching on strong stalks. (Harbor Blue X Whole Cloth). HC '61 25.00

TRUTH (H. Fischer) Beautiful, perfectly formed, simply immense white flowers artistically placed on heavy ram-rod stem. Tremendous substance. (Chivalry X Azure Skies). No. 51-65 20.00

ZAIDA (M. Wallace) Personality and quality in Majenta coloring, reminiscent of Patience. Smooth hafts, "Snow Flurry-ruffling". (Snow Flurry X Fabiola). 25.00

BORDER BEARDED

FAIRY FROST (E. Sundt) Lovely, delightfully formed small white in keeping with its height. Midribs show green; beard white shading to yellow. (New Snow X Irish Linen). No. 5587-7 D. 10.00

LA NINA ROSA (E. Sundt) Small flowered beauty in Orient-pink, sporting a light brick-red beard. (Party Dress X Lipstick). No. 5576-7A. 10.00

MARCY DEE (Tell) Translucent blend of pale iridescent peach, apricot and light violet. Closed standards, falls flaring. Entire flower daintily laced. (Cream and Tangerine X Rosedale). No. 57-68 D. 20.00

(We do not accept orders on Guest iris; orders for Tell's introductions should be placed with Tell's Iris Gardens, 691 East, 8th North, Provo, Utah).

IRIS PLANTING AND CULTURAL DIRECTIONS

WHEN TO PLANT. For best results plant June through September. Early planting establishes the new Iris plants before winter. This is the time to reset clumps of Iris that are crowded, generally clumps 3 to 4 years old.

WHERE TO PLANT. The ideal location for Iris is a sunny, well drained position. Sunshine at a minimum half days; Iris will not do well in deep shade. No water should stand in Iris beds. Raise beds slightly above the level of garden paths if necessary.

DEPTH TO PLANT. Place rhizomes just below the surface of the ground with the roots well spread out underneath so that rhizome is within reach of the warmth of the sun's rays while the roots beneath are in moist (not soggy) soil. Be sure to firm the soil tightly around each rhizome when planting. Follow ordinary good garden practice of watering and settling soil in newly set plants.

DISTANCE APART. This will depend on your particular plans. Generally iris are planted from 14" to 2' apart. If you desire immediate clump effect plant 8" apart in groups of 3 or more of one variety. You may have to divide and separate your plantings more often, but you will have a wonderful splash of color sooner than if you planted only one rhizome of one variety.

FERTILIZATION. Iris will thrive without feeding but will respond to its application. In the preparation of a new Iris bed, spade in a good application of compost below the roots. Then an application of a well balanced fertilizer applied as a top dressing dusted around and in between the plants in early spring or very late fall is desirable. Steamed bone meal and super-phosphate are fine top dressing materials.

CULTIVATING. Do it shallowly. Iris feeding roots are very near the surface. Keep your Iris free of weeds and do not allow neighboring plants to encroach upon them. Remember, they should have sunlight right down to the rhizome. Remove the outer leaves as they begin to brown. At all times keep litter, old Iris leaves, grasses, etc., away from the rhizomes. Clean cultivation is the finest precaution for Iris troubles.
